

ANNUAL REPORT

Graduate Program in Cellular & Molecular Medicine

To be completed by the student and submitted to the Graduate Studies Committee

Student Name: _____ Date: _____

Dissertation Advisor: _____

Dissertation Committee: _____

Ph.D. Minor: _____

Entrance Date into Ph.D. Program: _____

Date(s) of dissertation committee meetings in the past year: _____

Written Comps: Date anticipated and/or date passed (if this year): _____

Oral comps: Date anticipated and/or date passed (if this year): _____

Research proposal completed (Y/N): _____ If "no", when anticipated: _____

Estimated Ph.D. defense date: _____

A. List accomplishments since the last evaluations - grants submitted/received, publications (submitted, accepted, or published), meeting presentations, awards, courses taught (include TA work), *etc.* Also, attach updated curriculum vitae.

B. List plans and goals for next year:

Student Evaluation by the Major Advisor

To be completed by the Advisor and discussed between the Advisor and Student *prior* to the annual meeting with the Graduate Studies Committee.

Rating System

- 0 **Unsatisfactory:** Not meeting expectations. This rating generally indicates that the graduate student must demonstrate improvement by next rating period to remain in good standing.
- 1 **Needs Improvement:** Student is showing some progress in this area, but generally the work is not sufficient or satisfactory. Additional assignments/mentoring may be warranted.
- 2 **Meets Expectations:** Student is performing at the level expected of the average graduate student.
- 3 **Exceeds Expectations:** Student is performing well in this area, frequently going "above and beyond" the expected requirements.
- 4 **Exceptional Performance:** The student is exceptional on a consistent basis. Demonstrates high performance day-in and day-out, combined with a positive, professional attitude.
